

BANGCHAK SLIDEWAY

Machine Tool Slideway Oil

BANGCHAK SLIDEWAY is the superior-quality lubricating oil for machine tool, planer, grinder, horizontal boring machine and other slow-moving machining parts. It is blended from the versatile ashless multifunctional additive which provided not only slideway but also industrial gear and hydraulic performance. Furthermore, it is conclusively zero stick-slip in all stages of machine tool travel which as a consequence provides the following

Benefits:

- Correct positioning of machine tool relative to workpiece.
- Minimised rejection rates.
- Extended cutting tool life.
- Correct surface finishing.

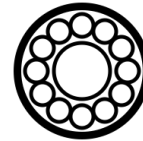

REQUIREMENT

- o U.S. Steel 224, 222, 223
- o DIN 51517 Part 3 (CLP)
- o SEB 181 226

APPLICATION

BANGCHAK SLIDEWAY is designed for machine-tool such as planer, grinder, horizontal boring machine and other equipment involving slow moving part.

FEATURE & BENEFITS

Excellent
Lubrication

TYPICAL INSPECTION

PROPERTIES	METHOD	SLIDEWAY	
		ISO 68	ISO 220
Colour(ASTM)	D 1500	REPORT	REPORT
