

# BANGCHAK LILAC EP

Multipurpose Grease

**BANGCHAK LILAC EP** is the first class quality, multi-purpose lithium soap grease provided excellent lubrication in industrial and railroad equipment. It contains extreme pressure additive suitable for high constant loads and severe shock loading conditions. The benefits of BANGCHAK LILAC EP include heat-resistance, water-resistance, corrosion-inhibiting, excellent oxidation and mechanical stability, even under high temperature, high humidity and vibrating conditions.

## APPLICATION

BANGCHAK LILAC EP is applicable for plain and antifriction bearings, gears and couplings in pumps, electric motors, etc. It is also applicable for many automotive and industrial application.

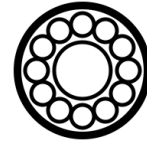

The recommended operation temperature should not over 125°C.
